When Leslie Forrest started the Liverpool & District Table Tennis League in 1927, his daytime job entailed keeping records, so in keeping with that, he started keeping all the records of the L&DTTL in Ledgers, when he left the league, this task was carried forward by many other volunteers, which in the early years must have involved an enormous amount of time and energy, as every entry was by hand.

Tony Harris, the League Secretary from 1995 to 1999 came across all these old records, was bitten by the historical significance of these archives, and set himself the task of putting them into a readable form, and after years more research of press and microfiche records, in 2001 published "75 Not Out", the history of the L&DTTL. a publication full of facts, photographs and stories over the years, an excellent read.

Another League Official bitten with this interest of detailing the history of the L&DTTL is our present Fixture Secretary Trevor Owens. Since I started the task of collecting and putting on the web all the printed versions of the L&DTTL magazine, TT Digest, he has gone through every Digest and Hand-book possible to correlate and bring up to date, all the tables relating to League Officials, Divisional Champions and Cup winners, also the many winners in the Liverpool 'Closed' Tournaments.

The following 40 pages detail all the League Officials, League Divisional Champions, League Divisional Cup winners, and the winners of the various tournaments that are part of the Liverpool 'Closed', it is only intended as a factual booklet, and not a alternative for "75 Not Out", but is still interesting in its own right.

Roly Wright Digest Editor 1/3/2009

Thanks to Tony Harris for "75 Not Out", and Trevor Owens for "A Compilation of League Officials and Champions"
